(4) An individual born with a medically verifiable diagnosis of disorder or differences in sex development shall be provided any available legal protections and accommodations afforded under the federal Americans with Disabilities Act of 1990, 42 U.S.C. Section 12101 et seq., and any applicable state law;

(5) Laws, rules, and regulations that distinguish between the sexes are subject to intermediate constitutional scrutiny. Intermediate constitutional scrutiny forbids unfair discrimination against similarly situated male and female individuals but allows the law to distinguish between the sexes where such distinctions are substantially related to important governmental objections; and

(6) Notwithstanding any provision of state law to the contrary, distinctions between the sexes with respect to athletics, living facilities, locker rooms, domestic violence shelters, rape crisis centers, restrooms, and other areas where biology, safety, or privacy are implicated that result in separate accommodations are substantially related to the

important governmental objections of protecting the health, safety, and privacy of individuals in such circumstances.

(b) Any local school system, public school, or any state agency, department, or political subdivision that collects vital statistics for the purpose of complying with antidiscrimination laws or for the purpose of gathering accurate public health, crime, economic, or other data shall identify each individual who is part of the collected data set as either male or female at birth."

SECTION 5-4.

Title 20 of the Official Code of Georgia Annotated, relating to education, is amended in Code Section 20-2-315, relating to gender discrimination prohibited, authorized separate gender teams, equal athletic opportunity, physical education classes, employee designated to monitor compliance, grievance procedures, and reporting requirements, by revising subsections (a), (b), (c), (d), (e), and (j) as follows:

"(a) No student shall, on the basis of ~~gender~~ sex, be excluded from participation in, be denied the benefits of, be treated differently from another student, or otherwise be discriminated against in any interscholastic or intramural athletics offered by a local school

system, and no local school system shall provide any such athletics separately on such basis.

(b) Notwithstanding the requirements of subsection (a) of this Code section, a local school system may operate or sponsor separate teams for members of each ~~gender~~ sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport. However, where a local school system operates or sponsors a team in a particular sport for members of one ~~gender~~ sex but operates or sponsors no such team for members of the other ~~gender~~ sex, and athletic opportunities for members of that ~~gender~~ sex in that particular sport have previously been limited, members of the excluded ~~gender~~ sex must be allowed to try out for the team offered unless the sport involved is a contact sport. Nothing in this subsection shall be construed to limit the authority of a local school system to operate or sponsor a single team for a contact sport that includes members of both ~~genders~~ sexes. As used in this subsection, the term 'contact sport' includes boxing, wrestling, rugby, ice hockey, football, basketball, and any other sport the purpose or major activity of which involves bodily contact.

(c) A local school system which operates or sponsors interscholastic or intramural athletics shall undertake all reasonable efforts to provide equal athletic opportunity for members of both ~~genders~~ sexes. - (3) Scheduling of games and practice time;

(8) Provision of medical and training facilities and services; and

(9) Publicity.

Unequal aggregate expenditures for members of each gender sex or unequal expenditures for male and female teams if a local school system operates or sponsors separate teams will not constitute noncompliance with this subsection, but the failure to provide essential funds for the basic operations of teams for one gender sex may be considered in assessing equality of opportunity for members of each gender sex. Nothing in Code Section 20-2-411 shall be construed to limit the authority of a local school system to expend school tax funds as authorized by Article VIII, Section VI, Paragraph I(b) of the Constitution in order to comply with the requirements of this Code section.

(d) A local school system may provide separate toilet, locker room, and shower facilities on the basis of gender sex, but such facilities shall be comparable to such facilities provided for students of the other gender sex.

(e) This Code section does not prohibit the grouping of students in physical education classes by gender sex."

"(j) The Department of Education may publish an annual report of local school systems to include information regarding expenditures and participation rates for each gender sex and such other information as the state board and department deem relevant."

Information so obtained by such organizations and centers shall be used for a state-wide organ donor registry accessible to organ tissue and eye banks authorized to function as such in this state and shall not be further disseminated."

SECTION 5-6.

Said title is further amended in Code Section 40-5-100, relating to personal identification cards, contents, possession of more than one card prohibited, and optional contributions to and participation in voluntary programs, by revising paragraph (2) of subsection (e) as follows:

"(2) The department shall make available to procurement organizations or secure data centers maintained and managed at the direction of a procurement organization information provided for in Article 6 of Chapter 5 of Title 44, the 'Georgia Revised Uniform Anatomical Gift Act,' including the name, identification card number, date of birth, ~~gender~~ sex, and most recent address of any person who obtains an organ donor identification card; provided, however, that the ~~gender~~ information with respect to one's sex shall be made available only to a procurement organization or secure data center if such organization or center has sufficient funds to cover the associated costs of providing such information. 416 of any person who obtains an organ donor's license; provided, however, that the ~~gender~~
417 information with respect to one's sex shall only be made available to a procurement
418 organization or secure data center if such organization or center has sufficient funds to
419 cover the associated costs with providing such information. Information so obtained by
420 such organizations shall be used for the purpose of establishing a state-wide organ donor
421 registry accessible to organ tissue and eye banks authorized to function as such in this state
422 and shall not be further disseminated."

423 **SECTION 5-8.**

428 "49-5-22.

429 (a) The General Assembly finds that just as ~~gender-separated~~ toileting separated by one's
430 sex among nonrelatives is the norm among adults, children should be allowed the same
431 opportunity to practice modesty when independent toileting behavior is well established

among the majority of their age group. Standardized adherence to this policy would provide privacy, injury control, and sanitation.

(b) Each public or private voluntary pre-kindergarten program in this state which receives state funding shall provide toilet facilities for the four-year-old pre-kindergarten age children which it serves which are suitably screened for privacy. Nothing contained in this Code section shall be construed to require a pre-kindergarten program to provide separately constructed toilet facilities.
